My dear Dr. Wood.

My brother took the Henry Long medals for me, but told me he had not paid for them. I am not sure when I will come again to the Numismatic Society, & so I inclose $1, with many thanks for your kindness in having them for me. The family are most appreciative.

Sincerely yrs.
Jean B. Cammann.

Dear Mrs. Cammann:

We have just received from Miss Isabel Mali Cammann various decorations youusspoke about the other day. We were glad to get these and out of the number only two did we have. I have written to her and I wish to thank you very much for suggesting our museum for their final resting place.

Very truly yours,

Dear Mrs. Cammann:

I am enclosing prints of the last things that we did, as well as the print of the Corinth coin of which you wanted another copy.

Unfortunately, the last coins that we photographed were light-struck on one side and these will have to be done over. As Mr. Robertson went on his vacation the day after he made these, it will be three weeks before we can get them photographed again unless I have someone else do them in the meantime.

Very truly yours,

Dear Mrs. Cammann:

I have picked out several reverses of Syracusean coins and on the first pleasant day we will photograph them. The past two days have overcast.

I have just received from Italy this morning a registered letter directed to you. I should judge it had one coin in it. Shall I remail this to you, or shall I Hold it here.

Very truly yours,

My dear W. Wood -

Thank you so much for selecting the coins to photograph for my Sicilian article. When the cuts do appear again will you mail the photos to me at Tuxedo. The coins to from photos to me at Tuxedo. The coins to from Santa Maria, Rome, but please keep it until I come in again as I would prefer to look it in my own box - I never keep the coins out here. With many thanks for your kindness -

Sincerely Yours
Jean B. Cammann.
